

## Gockley Drop-Off/Pick-up Schedule

### **Please take a moment and review these important guidelines:**

- Prior to your pick up time, please search your home for school library books, classroom library books and items that need to be returned to Gockley and teacher classrooms. Place these items in a bag labeled with your child's name and homeroom teacher. These items can be placed in your car trunk or passed out your car window when you come to pick up student belongings.
- Please post a sign somewhere on a passenger side window with your last name. This will help us more quickly find your student's belongings and keep traffic flowing.
- All traffic will enter and leave Gockley at the **front semi-circle entrance**. **Please follow the One Way signs. If the line is extended at any time, please be sure that you do not block the intersections on campus.**
- Please remain in your car in the line until it is your turn to pull up to the designated area. Then, open your trunk automatically or pass materials through the passenger side window of your vehicle.
- If you choose to bring your children, it is important to prepare them for a short and quick visit. Be aware that your child may feel or get emotional, which is normal due to the circumstances of the pandemic. While there will be familiar faculty and staff helping, waving and wishing everyone a wonderful summer; you may or may not see your child's teacher and staff will not be available for conversations.
